Tomaia in morbida pelle di canguro interamente foderata in Nylon 420, concepita per il calciatore con pianta del piede larga. Supporti laterali per una maggiore stabilità, suola completamente cucita alla tomaia, collare caviglia rivestito in morbida GP, plantare termoformato in EVA anti-shock ed antitendinite la rendono una scarpa confortevole, flessibile e stabile.

The upper is made in soft kangaroo leather, lined with nylon 420. The sole is completely glued and stitched and is dedicated to players with large sole of the foot. Lateral supports for greater stability, ankle collar covered with soft foam rubber, thermo-shaped plantar in EVA anti-shock and anti-tendonitis make this shoe both comfortable, flexible and stable.
