find motivations"*

Alessandro Zanardi

CATA 2014 - 2015 LOGUE

STORIA

La Mass Srl (Manifatture Abbigliamento Sportivo Srl) nasce nel 2005, l'azienda distribuisce prodotti tecnici di abbigliamento sportivo a marchio Mass, brand leader riconosciuto e apprezzato sia sul piano nazionale che su quello internazionale.

L'azienda è il risultato di una fusione di due anime, una produttiva e l'altra commerciale, entrambe già consumate interpreti del settore dell'abbigliamento sportivo, ideale complemento per un'azienda di successo, quale poi la Mass si è rivelata.

Mass muove i suoi primi passi ad Anagni (FR), emergendo ben presto come una realtà giovane, dinamica, pur solidamente strutturata.

Il 2005 è già un anno fondamentale: gli sforzi per raggiungere un design ricercato, un ottimo rapporto qualità-prezzo ed un livello di servizio già apprezzabile, proiettano l'azienda ai vertici del panorama distributivo italiano, nel contempo la propria sponsorizzazione dell'A.C. Siena, allora militante nella massima serie calcistica italiana, favorisce il raggiungimento di un'elevata notorietà nazionale.

Negli anni successivi la Mass è impegnata ad ampliare la propria rete di vendita internazionale, raggiungendo in breve tempo traguardi impensabili solo pochi anni prima e arrivando a distribuire il proprio prodotto in oltre 40 Paesi del Mondo. Nello stesso tempo, viene realizzata anche una importante estensione di linea, integrando il proprio catalogo, sino ad allora principalmente focalizzato sul calcio, con gli sport del basket, del volley e dell'atletica.

Un anno non privo di rilevanza è il 2007, allorché le quote aziendali sono rilevate completamente dall'attuale proprietario, che da allora ha cominciato una importante politica di ottimizzazione delle risorse, senza disdegnare tuttavia rilevanti investimenti (su tutti, le sponsorizzazioni eccellenti del Brescia Calcio e del Copra volley Piacenza, la ricerca sui prodotti e sui tessuti, oltre che non trascurabili acquisizioni immobiliari).

Lo scudetto del Copra Volley Piacenza del 2009 (e successiva partecipazione alla CEV Champions League) associato alla promozione in serie A del Brescia nel 2010 rappresentano ulteriori elementi di crescita e di rafforzamento dell'immagine aziendale, cui si aggiungono le prestigiose sponsorizzazioni del Benevento Calcio e del Foggia Calcio.

Infine il 2011 è l'anno del trasferimento delle sedi aziendali in Battipaglia (SA), usufruendo di nuovi e moderni spazi di stoccaggio delle merci, aree espositive ed uffici per un totale di oltre 5.000 mq, cui va aggiunto un nuovo e funzionale laboratorio interno per lavorazioni sartoriali e personalizzazioni, ancora in fase di sviluppo, che diventerà il punto focale della vocazione aziendale al servizio ai clienti.

HISTORY

Mass S.r.l. (Manifatture Abbigliamento Sportivo S.r.l.) was founded in 2005. The company distributes technical sports apparel bearing the Mass label and is a leading brand recognised and appreciated nationally and internationally.

The company is the result of a fusion of two souls, a productive one and a commercial one, both already consummate players in the sports apparel sector, the ideal complement for a successful business company Mass later turned out to be.

Mass started out in Anagni, near Frosinone, and soon emerged as a young, dynamic organisation with a sound structure.

The year 2005 was a fundamental year: the efforts put into delivering a sophisticated design, very good value for the money and a level of service that was already appreciated projected the company to the peaks of the sports apparel distribution sector in Italy. At the same time, the favourable sponsorship of A.C. Siena, playing in Italy's Serie A soccer championship at the time, helped it to become very well-known nationally.

In the following years, Mass was committed to expanding its international sales network, and did not take long to reach targets that were unthinkable only a few years earlier. It is now distributing its products in over 40 countries around the world. At the same time, it managed to achieve an important expansion of its line, by supplementing its catalogue, which up until then had primarily been focused on soccer, with basketball, volleyball and athletics sports apparel.

One year which was not irrelevant was 2007, when all company shares were acquired by the current owner. Since then the company has introduced an important policy of making the best of resources, without neglecting however considerable investments (above all, prominent sponsorships of Brescia Calcio and Copra Volley Piacenza, research into products and cloths, and some real estate acquisitions).

The championship of Copra Volley Piacenza in 2009 (and subsequent participation in the CEV Champions League) along with Brescia's promotion to Serie A in 2010 are additional elements of growth and strengthening of the company's image. Its sponsorships of Benevento Calcio and Foggia Calcio are also important.

Finally 2011 was the year the company's head office was moved to Battipaglia, Salerno, into more modern spaces with storage of goods, display and office areas with a total of 5,000 sq. m. An additional functional in-house sartorial and personalisation work shop, still in the development stage, shall become the focus point of the company's vocation at the service of its customers.

NUOVA STRUTTURA

Mass, con una moderna struttura di circa 3.500 mq totalmente pensata e ideata per supportare le aspirazioni dell'azienda, si prepara ad un futuro tanto stimolante quanto impegnativo.

Con 300 mq di uffici, 200 mq in show room, sala conferenze e nuovi spazi per lo stoccaggio delle merci , la nuova realtà rappresenterà il fiore all'occhiello dell'azienda ed un modello di riferimento per l'imprenditoria del Sud Italia.

NEW BUILDING

With this new and modern construction of approximately 3500 m², including 300 m² of office facilities, a 200 m² showroom, a conference room and new and ample storage areas, totally projected and created to fulfill the firm's aims and ambitions, Mass is preparing itself to tackle as much a stimulating as a challenging future.

The new building surely represents the flagship of the company and a reference model for entrepreneurship throughout southern Italy

MISSION AND VISION

Ideando e realizzando capi di abbigliamento sportivo, **Mass** aiuta *l'atleta* e la *squadra* a realizzare i propri sogni sportivi e ad armonizzarsi attraverso il proprio gesto atletico, con il mondo che li circonda, all'insegna dello *stile*, del *comfort* e dell'*innovazione*.

Mass è una realtà *giovane* e *dinamica* nel panorama dell'abbigliamento tecnico e delle forniture sportive, pur con un già apprezzabile bagaglio di conoscenza, dovuto alle esperienze maturate dai propri dipendenti e manager che ne fanno un'azienda altamente competitiva con un'*immagine discreta, credibile e vincente*.

Con il cliente e la sua completa soddisfazione costante al centro dei propri piani e strategie aziendali, **Mass** esprime un nuovo modo di approcciare il mercato, tendente ad essere un *punto di riferimento certo per tutti i propri partner*.

MISSION AND VISION

By designing and manufacturing sports apparel, **Mass** helps the *athlete* and *team* to make their sporting dreams come true and harmonize through his athletic performance to the surrounding environment, while being *stylish, comfortable* and *innovative*.

Mass is a *young and dynamic* organization in the field of technical sports apparel and sporting goods, yet it has an appreciable background of knowledge, due to the experience gained by its employees and managers. All this makes it a highly competitive business with a *discreet, credible and winning image*.

With the customer and his complete satisfaction constantly at the centre of its business plans and strategies, **Mass** embodies a new way of approaching the market, with a tendency of being a *dependable place for all of its partners*.

LA SARTORIA

La sartoria interna Mass, si avvale di moderni strumenti e metodologie sartoriali, oltre che di tecnici esperti e competenti, allo scopo di realizzare tutti quegli adattamenti di taglia o di vestibilità atti a soddisfare in pieno ogni esigenza del cliente Mass.

Tra i valori dell'azienda, tra le sue vocazioni originarie, vi è senz'altro la soddisfazione del proprio cliente, attraverso, prima di tutto, l'elevato livello di servizio che storicamente l'azienda si è imposta di fornire, pertanto ogni impegno imprenditoriale, compreso quello della sartoria interna, procede in questa direzione: un servizio esclusivo, rapido, efficace, che, come da tradizione Mass, consente all'azienda di collocare la soddisfazione del cliente al centro dei propri interessi.

THE TAILORING

Mass's internal tailoring not only adopts modern sartorial tools and methods, but it also relies on a team of qualified and skillful technicians, in order to achieve all those size and wearability accommodations so to fully satisfy the needs and desires of even its most demanding customers.

In fact, it's not by chance that prevailing among the Firm's strong values and ambitious objectives is the customer satisfaction, something that can only be achieved through a very high level of competence and extremely skillful services, that Mass has always been determined to furnish throughout the years.

It's for this reason that all of the firm's commitments, including the internal tailoring, go all in the same and only direction, that is to guarantee the most professional, efficient and exclusive service possible, as our tradition imposes. Only a satisfied customer can fully reflect our interests.

FABRICS

MET è il tessuto MASS che aderisce perfettamente al corpo offrendo leggerezza, traspirabilità e resistenza

La microfibra, il top della tecnologia MASS, garantisce il meglio tra i capi tecnici da gara offrendo un design elegante e alla moda. Perfetta come windstopper, è il massimo in termini di traspirazione.

Il tessuto MESH è la tecnologia MASS che assicura la freschezza dei capi indossati. Lo speciale tessuto, opportunamente posizionato, permette la massima traspirazione con una sorprendente leggerezza.

il Nylon MASS è un tessuto altamente impermeabile e antivento che consente comunque la traspirazione corporea.

Ottenuto dalla combinazione tra più materiali, il POLYCOTTON è un tessuto speciale in grado di offrire all'atleta la freschezza del cotone e la leggerezza del Poliestere.

Tessuto in POLIESTERE dalla sorprendente freschezza, leggerezza e robustezza.

L'abbigliamento pratico e veloce caratterizzato dalla doppia vestibilità.

Tessuto prodotto con fibra altamente tecnologica, facilita l'allontanamento del sudore dal corpo verso l'esterno.

Grazie ad un particolare trattamento superficiale, questo tessuto leggero, pur essendo altamente impermeabile è anche estremamente traspirante.

È un'innovativa microfibra in polipropilene che garantisce elevati livelli di performance ai tessuti per intimo, abbigliamento sportivo e applicazioni tecniche speciali.

MET is the MASS fabric that adheres perfectly to the body offering lightness, breathability and resistance

Microfiber, the best of MASS technology guarantees the ultimate in technical garments offering an elegant and fashionable design. Perfect as windstopper, its the maximum in terms of perspiration.

MASS fabric, MESH is the MASS technology that assures the freshness of the garments worn. This special fabric, added in the right places, allows maximum transpiration with an amazing legeresse.

MASS nylon fabric is highly waterproof and cuts the wind allowing corporeal transpiration.

POLYCOTTON, obtained from the combination of more materials, is special fabric that offers the athlete the coolness of cotton and the legeresse of polyester.

POLYESTER, a fabric that is cool, light and strong.

Practical and fast sportswear characterized from the double wearability.

Fabric produced with a highly technology fiber facilitates the removal of sweat from the body towards the outside.

With a unique surface treatment, this light weight fabric, while being highly waterproof is also extremely transpirant.

Is an innovative polypropylene microfibre that guarantees high performance materials for underwear, sportswear, and special technical applications.
